

Glocester Libraries Presents:

December 2018 Programs

for Children

Crafts for the Community: Children in K-Grade 5 are invited to “drop in” to the Children’s Room to create a craft to brighten someone’s day. Each month, we will pick an organization in our community or a surrounding town to which the craft masterpieces will be sent. This will include nursing homes, children’s hospitals, a senior center, etc. In December, we will be making winter crafts. **Drop In during library hours, December 1-29. (Glocester Manton) No registration is necessary.**

Family Gingerbread House Contest: Families are invited to come and create a family “gingerbread” house while listening to holiday music, sipping hot chocolate and munching on holiday cookies. This annual event is a fun night of holiday cheer for families with a little bit of competition thrown in! **Wednesday, December 12, 6:00pm - 7:30pm (Glocester Manton) Please register.**

Candlelight Shopping & Crafts: While strolling the streets of downtown Chepachet, don’t forget to stop into the library to shop for some presents for Mom or Grandma at our Jewelry Sale, make a holiday craft, and have some munchies. **Thursday, December 6, 5:00pm - 8:00pm (Glocester Manton) No registration is necessary.**

The Science of Superheroes: Help us save Captain America! Captain America is in a deep freeze and we need to use scientific skills to help defrost him safely. In this program, children will use their scientific skills to explore the powers of superheroes. MobileQuestAdventures brings fun and educational learning opportunities to life with hands on learning activities. **Thursday, December 27 at 10:30am Ages 6-10 (Harmony Library) Please register.**

**Visit our website at glocesterlibraries.org to register for programs.
For more information, call the libraries at 568-6077 or 949-2850.**
