

March 17, 2020

Greetings Parents and Families,

In anticipation of a continuation of school closures and to maintain the academic progress your child has made, Gloucester teachers will be connecting with parents and students through the use of a distance learning plan. Please expect contact from your child's teacher via Google Classroom at the beginning of next week.

In addition, packets or hard copies of student work will be available soon. In the meantime, we recommend students practice their learned skills by reading, journal writing and math fact drills.

Please contact the school on Friday, March 20 if your child (grades 3-5) needs to borrow their chromebook for home use. We will ask you to sign a release form and be responsible for this device while it is being used at home. Chromebooks will be available at your child's school daily, starting Monday, March 23 from 9:00am - noon.

Report cards will be mailed to your home.

Please stay tuned for additional information as it becomes available, and we thank you for your patience and support as we work through this extraordinary time.

Most Sincerely,
Ms Zambarano
Principal, West Gloucester

Ms Mokaba
Principal, Fogarty Memorial
